With strong work force of professionally qualified construction managers, engineers and supervisors blocked up with latest construction equipment & technologically advance work environment, Rajvee associates offers most customized services to meet the evolving needs of individual customers.

In addition to customer satisfaction, achieved by timely executing projects of desired quality, we strive towards building long term relationships with our valued customers.

#### **Path Determining Statement**

We believe that construction process is an art which has to be properly given shape and in "Rajvee Associates" we have the optimum combination of people, experience, and professionalism to give life to your imagination. We serve our customers with Quality construction services to add value to their projects. We always work with time schedule to produce world class construction work we believe in the policy of transparency, integrity and long term Vision.

### Looking Ahead

#### Our Mission:

To provide construction services in a professional manner to exceed the needs of our clients. We will deliver reliable, high-quality solutions for all type of construction, always ensuring that integrity, safety and sustainability are at the heart of everything we do.

#### Our core Values:

To realize our vision and mission, we always turn to the corporate values that we hold dear. We will live and deliver these values with uncompromising commitment to safety and sustainability. We deliver Stability, Integrity and Quality in every Project.

#### Performance:

We are here to make a valuable difference to our clients and we will make it happen against all odds.

#### Our Passion:

We are differentiated by our "Can Do" attitude.

#### Agility:

We understand our Clients and Customers' needs and services with speed and accuracy.

#### Reliability:

We are trustworthy and reliable, in both thought and action. Our customers and clients can count on us deliver always.

### Our Policies:

#### Business policy:

Deadlines and Budgets. We consider each client to be our assets and this is due to our dedication and professional approach to fulfill the construction related requirements of our clients that we have earned a name of trust and quality in Construction industry, Using the latest technology, we ensure a professional project managements, leading to completion of projects even ahead of schedule without compromising with the quality of material and workmanship.

---

### Quality Policy :

“QUALITY THY NAME IS RAJVEE ASSOCIATES”

We are committed to customer satisfaction and loyalty. Due to our non-compromising attitude towards attaining quality for both material both and workmanship. Our customers will experience professional competence and a high level of service in our deliveries.

### Environmental Policy:

We are committed to protecting the environment by minimizing pollution, waste and optimizing fuel consumption for continual improvement in our environmental performance. Eco-efficient technologies will be promoted. We comply with all applicable legal requirements.

### Occupational Health & Safety Policy:

We are committed to ensure that no harm is caused to anybody due to nonconforming to the safety measures. Nationally accepted best practices are adopted by complying with applicable Workmen's Compensations legislation and other requirements. To ensure continual improvement, all hazards are identified, associated risks are evaluated and controls implemented and monitored.

### Community Affairs Policy:

We are committed to respect local customs, traditions and maintain secularity and political neutrality.

At all times, we will strive to fulfill the ethical, legal and public expectations of society.

### **Our Strengths:-**

#### Human Resources:

Rajvee Associates is one of the most professionally managed construction company in western India with employment policies and systems radiant from a single principle “Believe in people “.People are our most valued asset and strength”.

We have, therefore, created a 'Culture', which is distinctive in industry; Employees gain a level of freedom, which provides security and most importantly, a sense of job satisfaction.

Emphasis is laid on creativity, innovation, achievement motivation for excellence, empowerment, augmenting communication and interpersonal skill, developing initiative and leadership qualities.

Induction, orientation and various training and development programs have been conducted by the organization to enhance and upgrade knowledge, skill and efficiency if the employees on regular basis.
